## COMMUNIQUE

XXVIIe Foire Mondiale des Collectionneurs Olympiques à Paris 2021 (France)

# Postponement of the organization of Paris 2021 planned for 2023 (23/25 June)

**Let's share our Olympic passion together  
1 year before the Games in Paris!**

After consulting its various partners, and in view of the global health and administrative situation in the world, the Organizing Committee of the WOCF Paris 2021 had to resolve to cancel this world cultural event which was to be held from June 2021.

Beyond the disappointment, we invite you to join us on a project full of hope from June 23 to 25, 2023:

- **Welcome** collectors to the capital of the Paris 2024 Olympic Games, one year before the Games.
- **Invite** all those involved in the culture and Olympic heritage linked to the Foundation to join the Fair by participating directly or indirectly.
- **Promote** Olympic culture and heritage through collections and collectors on Olympic Day on June 23, 2023.

Until then, we wish all of our collecting friends, passionate about Olympism and its culture, the best!

AICO President

**Stéphane HATOT**
